SAMPATH YADAV GUNDARAM

Hyderabad, Telangana — +91-9014386804 — sampath.20304m040@gmail.com
LinkedIn — GitHub

PROFESSIONAL SUMMARY

Motivated Software Developer with hands-on experience in full-stack web development, Java, TypeScript, SQL, and AI integration. Skilled in building scalable web applications, RESTful APIs, conversational AI chatbots, and responsive UI/UX interfaces. Passionate about clean code, modern full-stack tools, and delivering production-ready solutions through hands-on problem solving.

EDUCATION

MLR Institute of Technology, Hyderabad — Sep 2023 – Jul 2026
B.Tech in Data Science — GPA: 8.95/10

Government Polytechnic College, Jogipet — Aug 2020 – Aug 2023
Diploma in Mechanical Engineering — GPA: 9.44/10

Newton's High School, Banswada — Jun 2010 – Jun 2020
SSC — GPA: 10/10

TECHNICAL SKILLS

- **Programming Languages:** Java, TypeScript, JavaScript, SQL
- **Frontend:** HTML, CSS, Tailwind CSS, Next.js, React, Responsive Design, UI/UX (Figma to Code)
- **Backend:** Node.js, Express.js, REST APIs, tRPC, Serverless Functions (Netlify, n8n)
- **Databases:** PostgreSQL, MySQL, Supabase, Drizzle ORM, Schema Design, ACID Transactions
- **AI & ML:** LLM Integration, Gemini API, Agentic AI, Prompt Engineering, Conversational AI
- **DevOps & Tools:** Git, GitHub, Netlify CI/CD, Automated Deployments, Google OAuth

INTERNSHIP EXPERIENCE

Software Development Intern — Oct 2025 – Present
Equippp 3.0 Labs Technologies Pvt. Ltd., Hyderabad

Developed and deployed full-stack web applications across multiple production-grade projects, collaborating with cross-functional teams to design, build, and integrate features into live company platforms. Applied programming and database concepts to optimize backend workflows, APIs, and application features while gaining hands-on experience with Agile workflows, version control, code reviews, and CI/CD deployments.

PROJECTS

Projects at Equippp 3.0 Labs Technologies (Internship) — Oct 2025 – Present

- Built a **Task Manager web app** with secure authentication, role-based authorization, and real-time dashboard updates.
- Developed an AI-powered **chatbot** for the company website with intelligent page routing for improved user navigation.
- Designed a **mobile-responsive landing page** for the Revision Prep project, optimized across all devices.
- Converted **Figma designs into production-ready UI/UX code** for mobile applications with pixel-perfect implementation.
- *Tech Stack:* Next.js, TypeScript, tRPC, Drizzle ORM, PostgreSQL (Supabase), Tailwind CSS, Google OAuth, Gemini API.

Sahay – Conversational AI for Automated Appointment Scheduling

- Built a voice and web-based AI agent automating 100+ daily appointments via LLM-driven natural-language workflows.
- Designed a serverless backend for reliable natural-language-to-database operations and scalable request handling.
- *Tech Stack:* TypeScript, PostgreSQL, Gemini API, Netlify Functions.

CERTIFICATIONS

- Java Full Stack – Wipro TalentNext (Digital Skills Readiness Program), Oct 2025
- The Complete Full-Stack Web Development Bootcamp – Udemy, In Progress (Nov 2025)
- OCI AI Foundations Associate – Oracle, In Progress (Oct 2025)
- Core Java – Infosys Springboard, Dec 2023
- Web Development – Eduskills Academy, Nov 2023
